

1. IDENTIFICATION

Supplier: Know-How Concrete Technologies
ABN: 15 086 008 068
Address: Unit 1-708 Boundary Road, Coopers Plains, QLD, 4108, Australia
Telephone: (07) 3274 1000
National Poisons Information Centre (For Emergency): (+61) 131 126 (24 hours)
Fax: (07) 3274 1006
Web Page: www.knowhowconcrete.com.au
Product Name: Form Release Bio-D
Other Names:
Chemical Family: Mixture of non-hazardous ingredients
Recommended Use: Concrete Form Release/Mould release

2. HAZARDS IDENTIFICATION

Health Hazard Classification: Not classified as hazardous according to the criteria of ASCC.
Classified as nonhazardous according to the criteria of the Globally Harmonised System of Classification and Labelling of Chemicals.

Risk Phrases: None

Safety Phrases: None

Dangerous Goods Classification: Not Applicable
Physical: Not Applicable
Environmental: Not Applicable
Signal word: Not Applicable
Hazardous Statement: Non-Hazardous

Prevention: P260: Do not breathe mist/spray.
P264: Wash skin thoroughly after handling.
P280: Wear eye protection / Hand protection.

Response: P305 + P351 + P338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P303+P361+P353: IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower.
P363: Wash contaminated clothing before reuse.

Storage: The product should be stored, handled and used in accordance with good industrial hygiene practices and in conformity with government regulations. Store in a cool place away from heat.

Disposal: P501: Dispose of contents/container in accordance with Jurisdictional Regulations.

3. COMPOSITION: Information on Ingredients

Chemical Ingredient	CAS No.	Proportion (%v/v)
Mixture of non-hazardous ingredients		100%

Other ingredients determined not to be hazardous, including water to 100%

4. FIRST AID MEASURES

For advice, contact Poisons Information Centre (Phone Australia: 131 126) or a doctor.

Ingestion

Is not expected to be harmful, seek immediate medical attention.

Eye Contact

If in eyes, hold eyelids apart and Flush eyes continuously with running water until advised to stop by the poison's information centre or doctor, or for at least 15 minutes. If irritation develops seek medical attention.

Skin Contact

Flush area with large amounts of water and wash area with soap if available. Remove contaminated clothing, including shoes, and launder before reuse. Seek medical attention for skin irritations

Inhalation

In case of insufficient ventilation, wear suitable respiratory equipment,

First Aid Facilities

Eye wash fountains and general washing facility should be easily accessible in the immediate work area.

Advice to Doctor

Treat symptomatically

5. TOXICOLOGICAL INFORMATION

Skin Contact Repeated or prolonged contact with the skin can cause dermatitis.

Eye Contact May cause minor irritation to eyes.

Ingestion Generally recognised as safe, but hazardous if swallowed in large amounts.

6. FIRE FIGHTING MEASURES

Suitable Extinguishing Media: Water fog, alcohol or polymer foam, dry chemical powder.

Extinguishing media that must not be used for safety reasons: None

Special hazards from the substance itself, its combustion products or from its vapours: None Known

Special protective equipment for firefighting: Wear self-contained breathing apparatus. Wear protective clothing to prevent contact with skin and eyes.

7. ACCIDENTAL RELEASE MEASURES**Emergency Procedures**

Prevent fluid from escaping to drains and waterways, the area in which the spill has occurred will be slippery.

Methods and materials for containment

Pick up with absorbent material (e.g. sand, acid binder, universal binder, sawdust).

8. HANDLING AND STORAGE

Precautions for safe handling

The product should be stored, handled and used in accordance with good industrial hygiene practices and in conformity with government regulations. Store in cool dry place.

9. EXPOSURE CONTROLS: PERSONAL PROTECTION

National Exposure Standards

Australian Exposure Standards

Exposure standards no established for product

Personal Protective Equipment

Hand Protection:

PVA gloves

Eye Protection:

Goggles giving full protection recommended.

Skin Protection:

Protective clothing.

Respiratory protection:

In case of insufficient ventilation, wear suitable respiratory equipment.

10. PHYSICAL AND CHEMICAL PROPERTIES

Property	Typical Value
Form	Liquid
Appearance	White milky liquid
Odour	n/a
Boiling Point/Range	100°C (water)
Flash Point	220°C
Specific Gravity	0.90
V.O.C	0
Ignition Temperature	Not flammable
Percentage Volatiles	Ca. 18% (By Volume)
pH	9

11. DISPOSAL CONSIDERATIONS

Product

Do not allow to enter drains or waterways. According to present experience, no adverse effects on water purification plants. Contain and soak up large spills with absorbent material. Flush away small spill with copious amounts of water. Clean up personnel should wear approved clothing and protective goggles and gloves. Product not investigated, no environmental problems expected if handled and treated in accordance with standard industrial practices and local regulations where applicable.

Disposal

Dispose of according to regulations by incineration in a special waste incinerator. Small quantities may be disposed of in a domestic waste incinerator. Observe local bylaws.

12. TRANSPORTATION INFORMATION

General

This material is a non-Dangerous Goods according to the Australian Code for the Transport of Dangerous Goods by Road and Rail
